

## Appendix A

This Appendix and non-disclosure agreement applies to all **Approved Researchers** who at any point may view material contained in the Datasets produced and disseminated via collaboration “CLPscyh 2022 Shared Task” that include the UMD Reddit Suicidality Dataset annotated for moments of Change (MoC) (“UMDRSDv3”), a new Queen Mary University of London (QMUL) Reddit Dataset annotated for both Suicidality and MoC, and the eRisk Dataset annotated for MoC (the “Datasets”). Materials in these datasets contain previously existing, publicly available data. Even if datasets or variables are not specifically marked "Proprietary" or "Confidential" approved users with access to the sensitive datasets within the **NORC Data Enclave®** agree to protect the information contained therein. Prior to accessing these datasets, approved users must agree to conduct themselves in accordance with NORC’s policies regarding ethical conduct as well as that which is established by NORC’s physical, data, and computer security protocols. Your signature on this document attests that you have read and understood the following non-disclosure policies and agree to honor them.

- ❖ I certify that I am authorized to access the datasets listed above.
- ❖ I agree that I will not disclose to anyone information contained in the **CLPSYCH 2022 SHARED TASK datasets** without the permission of NORC.
- ❖ I agree to conduct my viewing of the **CLPSYCH 2022 SHARED TASK datasets** with due caution, securing them when I am not reviewing them.
- ❖ Those accessing the data are reminded that the Economic Espionage Act of 1996 prohibits the theft or intentional conversion of trade secrets to the economic benefit of anyone other than the owner of the trade secrets. Penalties for violation of this law include prison terms of up to 10 years and substantial fines. Thus, you must never knowingly disclose or use any trade secrets or confidential information that you access while viewing sensitive **CLPSYCH 2022 SHARED TASK datasets**.
- ❖ The information and data contained in the **CLPSYCH 2022 SHARED TASK datasets**, if disclosed to unauthorized sources, would violate the Privacy Act of 1974 (5 U.S.C. § 552a) and result in financial loss or adverse legal actions.
